

Transportation song

You can drive a car,
You can drive a truck,
You can ride on a train,
Or in a bus.

Chorus: How do you get
 From A to B?
 Over land,
 Through the air
 Or on the sea.

You can ride a scooter,
You can ride a bike,
You can ride a unicycle
If you like.

chorus

You can sail a yacht,
If the wind is right,
Or inside a submarine
If it's water tight.

chorus

You can fly a plane
Way up in the sky
Or a helicopter
If you want to try.

Chorus

You can catch a taxi
If you have a fell
Or you can walk
From here to there.

Chorus

You can try a rocket ship
If you have been taught
First you have to train
to be an astronaut

Chorus (bis)
